

## **SCHUYLER-INDUSTRY SCHOOL DISTRICT #5**

740 Maple Avenue  
Rushville, IL 62681

This is to inform you of the status of the Schuyler Industry School District #5 asbestos management plan. It has been determined by the Illinois Department of Public Health and the Federal Environmental Protection Agency that asbestos is a potential health hazard and precautions should be taken to avoid disturbing any asbestos containing materials.

As required, our building(s) have been inspected for asbestos. Our initial inspection was conducted on September 28, 1988. The AHERA law requires that a visual surveillance of asbestos containing areas be completed every six months, and a re-inspection conducted every three years. Any evidence of disturbance or change in condition will be documented in the Management Plan as required.

The Inspection/Management Plan is available for public review in the Board of Education Office, located at 740 Maple Avenue, Rushville, IL. Should you wish to review the plans, please call to make an appointment during our office hours.

Any concerns relative to asbestos containing materials should be directed to Dr. Beau Fretueg, SID5 Superintendent of Schools at 740 Maple Avenue, Rushville, IL 62681.

Thank you.

Beau Fretueg  
Superintendent of Schools  
Schuyler-Industry School District #5
